inlexzo™
gemcitabine intravesical system | 225 mg

SHARE Network

Storytelling is a powerful way to connect with patients navigating their treatment journey.

Are you or a loved one being treated with INLEXZO? If so, we want to hear about your experience. Please reach out to learn more!

The SHARE Network is a program from Johnson & Johnson where patients and care partners inspire others by sharing their personal health journey and experiences.

Learn more about how you can reach others through the power of telling your story.
